

## **CHAPTER V**

### **CONCLUSION AND SUGGESTION**

This chapter discusses the conclusion and suggestion. Conclusion is drawn after getting research finding. Then, suggestion leads further researchers who are interesting in doing similar research.

#### **5.1 Conclusion**

After conducting research and discussing the problem statement about the flouting of cooperative principle, which uses “IN TIME” movie as the object of research of cooperative principle: quantity, quality, relation and manner maxim. I found 20 conversations which contain the flouting maxims of cooperative principle. 12 conversations contain the flouting of quantity maxim, 1 conversation contains the flouting of quality maxim, 5 conversations contain the flouting of relation maxim, 2 conversations contain the flouting of manner maxim.

There are 12 conversations contain the flouting of quantity maxim. They are the conversation 3, 6, 7, 8, 10, 11, 12, 13, 16, 18, 19, and the conversation 20. I only found one conversation which contains the flouting of quality maxim which occurred on the conversation 9. Then I found 5 conversations which contain the flouting of relation maxim which occurred on the conversation 2, 4, 5, 14, and the conversation 15. The last is I found 2 conversations which contain the flouting of manner maxim, which occurred on the conversation 1 and conversation 17. All of the data which contain the flouting of maxim has been discussed on research discussion.

## **5.2 Suggestion**

Based on the result of the research, there is some suggestion for the next researchers who are interesting in doing similar research. This research will give contribution to comprehend the maxims of cooperative principle and the flouting of cooperative principle. Hopefully, the research gives inspiration and guidance for the further researchers to be more careful in doing research, so that, the result is being better than this. For the next researchers, this “IN TIME” movie can be good reference if they want to look for the examples of the flouting of cooperative principle.

For the students' university who wants to know more about the flouting of cooperative principle, they can use this skripsi as the guidance for them to know about the flouting of conversational maxim which is proposed by Grice. This skripsi will be more useful for students' university more easier to identify the flouting of cooperative principle which exists in our daily life.
