ABSTRACT

Luneto, Nurfazrin (2015): The correlation between students' Perception on Teacher quality in teaching and students' achievement.

(A Research conducted at the Eleventh Grade Students of SMA N 1 Telaga).

The study is aimed to find out whether or not Students' Perception on teacher quality in teaching has correlation towards students' achievement. Fifty-one students in the eleventh grade from science and social program of SMA N 1 Telaga were selected as the sample of this research. The data of this study has been analyzed by using the SPSS software to determine the best statistical technique to be used to test the hypotheses and to interpret the result. The result of this study found that there was correlation between students' perception on teacher quality in teaching and students' achievement. The quantity of number show that the correlation between students' perception and achievement has a correlation value + 0.906. The value was in "very strong" category which means that the Students' perception on teacher quality in teaching had significant correlation with students' achievement.

Keywords: Teacher Quality in Teaching, Students' Perception, Students' Achievement.
