

CHAPTER V

CONCLUSION AND SUGGESTION

Conclusion

The conclusion in this chapter is given based on the research finding and discussion.

The conclusion presented as follows:

Firstly, by seeing the result of research, reading power approach can improve the students' reading comprehension. It means that, the reading power approach can be used in order to improving students' reading comprehension.

Secondly, the hypothesis of this research is received because the result of research show that $t_{count} 10,94 \geq t_{list} 2.04$, based on the criteria of hypothesis if t_{count} more than t_{list} it means that the hypothesis of research is received.

Suggestion

Based on the conclusion above, it can be suggested that the teacher should to use reading power approach in order to improve the students' reading comprehension. This suggestion also supported by the fact that reading comprehension that have to be mastered by the students in learning English. Also, it can be suggested to the further researcher to use another approach in order to improve the students' reading comprehension.
