

ABSTRACT

Afritman Adam Suganda, Moh Idhar M. Abdullah. Tabulation data system of PMKS in Social Department of Gorontalo City, Final Project of Management Informatics, Informatics Department, State University of Gorontalo 2015.

This research was aimed at learning about the tabulation data system of PMKS in social department of Gorontalo Province. This research was elaborating about tabulation data of computer based system of PMKS to overcome the problem and delays of information display as well as data quest of PMKS. This research was done by using observation, interview and theoretical review where it was continuously applied by system arrangement. The result of this research showed that the analysis system was collected by the weaknesses of the ongoing process system as well as the suggestion toward the proper system. Therefore, it provided the idea of development system. This system was arranged by Visual Studio language program 2010 and MySQL Database.

Keywords: PMKS, Visual Studio 2010, MySQL.
