### **Abstract**

Kahfi.(2016). The EFL Students' Perception Hypnoteaching Method (*a research conducted at the students of the sixth semester until twelfth in English Department*). Skripsi. English Department, Letters and Culture Faculty, Universitas Negeri Gorontalo. Advisors: Karmila Machmud, MA., Ph.D and Helena Badu, S.Pd., M.Pd

The aim of this research is to investigate the EFL students' perception on Hypnoteaching method. In this case, the participants of this research are the students of the sixth semester until twelfth in English Department. The totals of participants are 11 students. The method of this research is qualitative method. The instruments used in collecting the data are interview and observation. Both of instruments divided into five indicators which are intention and motivation, comfortable learning atmosphere, positive word, giving praise and modeling. All the data analyzed by using reducing the data, displaying the data and drawing conclusion, The result of this research is based on the EFL students' perception that Hypnoteaching method is a good method that should be applied by the lecturers when they are going to teach in the classroom environment. In addition, they said that they will be inspired in teaching and learning process.

***Key word: Perception and Hypnoteaching method.***
