ABSTRACT

Iramaya Sibagu :

“A Study on Research Advising Process at English Department State University of Gorontalo”

(A research conducted at the English Department Students in 2010-2012 academic years)

First advisor Dr. Hanisah Hanafi, M.Pd.

Second advisor Titien F. Mohammad S.Pd., M.App Ling

This study aims to find out students' problem and obstacle during the advising process in English Department Program and to solve that problem. The participants of this research were seven participants. The data of this research were collected from interview. The overviews of overall steps in collecting the data are preparing the questioner that will be interview to the informant. The data have been analyzed by using descriptive qualitative. Moreover, there are seven major points that could be taking notes that commonly faced by the students in doing the thesis advising process and from the data obtained there are three main aspects that according to the participants as the common obstacle that they found most during the advising process. Those are insufficient knowledge in writing thesis, anxiety in interacting with the thesis advisors and limited access to the availability of the books. From those aspect in can be conclude that both lecture and teacher should develop the student knowledge in writing the thesis, both lecture and students need to create good chemistry in order to be comfortable each other. Then, to support the student in finishing their thesis, the university as well to start improving the availability of the books in each library.

ABSTRAK

Iramaya Sibagu :

“Studi Proses Bimbingan Penelitian di Jurusan Bahasa Inggris Universitas Negeri Gorontalo”

(Sebuah Penelitian yang dilaksanakan pada Para Mahasiswa Jurusan Bahasa Inggris tahun Ajaran 2010-2012)

Penelitian ini bertujuan untuk mengetahui permasalahan dan rintangan yang dihadapi oleh mahasiswa selama menjalani proses bimbingan di Jurusan Bahasa Inggris dan cara memecahkan masalah tersebut. Partisipan penelitian ini terdiri dari tujuh orang. Data penelitian ini dikumpulkan dengan menggunakan wawancara. Tinjauan keseluruhan akan langkah-langkah dalam mengumpulkan data adalah dengan mempersiapkan kuesioner yang akan digunakan untuk mewawancarai informan. Data dianalisa dengan cara deskriptif kualitatif. Selain itu, terdapat tujuh poin utama yang dapat dijadikan catatan bahwa hal yang biasa dihadapi para mahasiswa dalam melakukan proses bimbingan tesis dan dari data yang diperoleh ditemukan tiga aspek utama yang berdasarkan para partisipan sebagai kendala umum yang mereka temui selama proses bimbingan. Diantaranya adalah tidak cukupnya pengetahuan yang dimiliki dalam menulis tesis, kecemasan saat berinteraksi dengan pembimbing tesis dan terbatasnya akses terhadap ketersediaan buku. Dari aspek-aspek tersebut dapat disimpulkan bahwa baik dosen dan guru haruslah mengembangkan pengetahuan mahasiswanya dalam menulis tesis, baik dosen maupun mahasiswa harus menciptakan hubungan yang baik agar tercipta kenyamanan satu sama lain. Kemudian untuk mendukung mahasiswa dalam menyelesaikan tesisnya, universitas juga harus mulai meningkatkan ketersediaan buku-buku di masing-masing perpustakaan.

Kata Kunci: Proses Bimbingan Penelitian, Universitas Negeri Gorontalo
