

Chapter V

Conclusions and Suggestions

Conclusions

Based on the explanation in the previous chapter, the researcher concluded that criminal case game give positive effect to improve student's vocabulary, criminal case game assist the students in the process of learning and made the learning easier for the students to get new vocabulary. Based on the result of pre-test and post test, researcher concludes that criminal case game can enrich student vocabulary. The researcher found that the mean score of post test (75%) > pre test (54%) it means the score of the student's was increase after the researcher use criminal case game in learning process. Moreover, the researcher find the significant different of the students vocabulary before and after learning by criminal case game as a treatment. It can be seen from the result of t-test which on t-count =12.43 Based on the distribution t with N = 24, the researcher sees the distribution t-list is 2.24. From the explanation above because of result t-count is 12.43 > t-list is 2.24, thus the result of t-count computation is higher than t-list. It means that using criminal case game is good for enriching students' vocabulary.

Suggestion

Researcher has some suggestion that were recommended to be applied. The English teacher is suggested to apply criminal case as a media in the process of enriching students' vocabulary. In teaching vocabulary teacher must using different approach to students, memorized method is not the only one way in enriching students' vocabulary. For students especially students that categorized

as beginner to learn English criminal case game could be good solution to help them in increasing their vocabulary. The variants of vocabulary that found in criminal case in kinds of noun. Therefore, criminal case game should be advantage for teacher in school that has the problem with the the students' lacking of vocabulary. In addition, playing criminal case game not only make students more active and interested when learning process of enriching students' vocabulary running but also they can found many vocabularies or variants vocabulary about kinds of noun .
