

## **Chapter V: Conclusion and Suggestion.**

This chapter discusses the conclusion and suggestion of the research.

### **Conclusion**

Overall, after calculating the students' ability based on the five aspect of writing, it is found that the students' ability in writing descriptive paragraph of a composite picture categorized in good category with the total average 60.8 % from the total of students in class VIII-A.

### **Suggestion**

Considering the result of this research, it can be seen that the level of the students' ability by using composite picture in good category. So, it suggests for the English teacher to use this picture in teaching writing skill especially in descriptive paragraph. It also can be references for the teacher to apply this picture in many times in teaching another text of English course because this picture can give a lot of information to the students about people, things, activities and also describing place. By applying this picture in teaching writing skill, it can help the students to develop their mind and help them to improve their writing ability based on the five aspect of writing.
