The purpose of this study is to analyze aspect of writing in students' basic consideration of their proposal. It employed qualitative descriptive method which involved a rubric of aspect of writing by Brown (2007). The participants were five students of English major in academic year of 2015/2016 that already passed *Research on Language* subject. The data were collected by gathering students' document of basic consideration and conducting in-depth interview with participants. This study revealed that most of students were bad in grammar aspect which frequently caused by grammatical or agreement inaccuracies. In contrast, the researcher found that almost all the participant was good in dealing with organization aspect. Moreover, by concerning the final result of each participant about those five aspects of writing, the whole participant only reached the score which categorize as fair and poor. In the other words, the quality of students' writing basic consideration was considered as low that definitely needs more improvement.

## ABSTRAK

Tresya F. Sarese, 2022. NIM 321415321. Analisis Aspek Menulis dalam Latar Belakang Proposal Penelitian Mahasiswa. Skripsi. Jurusan Bahasa Inggris, Fakultas Sastra dan Budaya, Universitas Negeri Gorontalo. Pembimbing (I) Prof. Dr. Kartir Lihawa, M.Pd., dan Pembimbing (II) Muziatun, M.App.Ling., Ph.D.

Penelitian ini bertujuan untuk menganalisis aspek menulis dalam latar belakang proposal penelitian mahasiswa. Penelitian ini menggunakan metode deskriptif kualitatif yang melibatkan rubrik aspek menulis dari Brown (2007). Partisipan dalam penelitian ini adalah 5 mahasiswa jurusan Bahasa Inggris tahun ajaran 2015/2016 yang telah lulus mata kuliah Research on Language. Pengumpulan data dilakukan dengan mengumpulkan dokumen latar belakang proposal dan melakukan wawancara mendalam dengan partisipan. Hasil penelitian mengungkapkan bahwa sebagian besar partisipan memiliki kemampuan tata bahasa di bawah rata-rata dilihat dari ketidaktepatan penggunaan tata bahasa atau kesesuaian. Sebaliknya, peneliti menemukan bahwa hampir semua partisipan memiliki kemampuan yang baik pada aspek organisasi penulisan. Apalagi dengan memperhatikan hasil akhir masing-masing peserta tentang kelima aspek menulis tersebut, seluruh peserta hanya mencapai skor yang dikategorikan cukup dan kurang. Dengan kata lain, kualitas latar belakang proposal mahasiswa dinilai masih rendah sehingga tentunya perlu lebih ditingkatkan lagi.

**Kata kunci:** Aspek menulis, latar belakang, proposal penelitian.
